

16" Low Lintel Superior Hot Box

The Multiglow Fires 16" Low Lintel Superior Hot Box is designed to offer the optimum in radiant heat output combined with ease of installation.

The 16" Low Lintel Superior Hot Box can be fitted with the Classic II Taper Inset burner and is offered with manual, remote control or full sequence remote control as required.

Multiglow can also provide Polished Brass, Polished Stainless Steel or Brushed Stainless Steel trims which can also be accompanied by Black/Brass effect Blenheim, Black/Polished Blenheim, Black/Brass effect Bauhaus and Polished Bauhaus.

To add functionality – the Multiglow Superior Hot Box also features removable ceramic retainers that allow the fibre back to be removed without having to remove it from the opening. The box also features three laser-cut gas entry slots that allow the box to be removed whilst keep the isolation valve fitted to the pipework.
